About Me

I am a highly motivated web dev enthusiast with a strong foundation in JavaScript. I am experienced in developing and testing web apps & software applications and familiar with agile methodologies and Git. I am seeking opportunities to expand skills and contribute to innovative software projects.

Experience

- Junior Developer Intern

ByteFaucet Technology

2023 Feb – Present

I am actively contributing to various software development projects while working alongside senior developers. I am gaining valuable experience in programming, debugging, and problem-solving, and becoming familiar with industry-standard tools and practices.

Projects

- Anime Blog

Next.js 13 | Typescript | Tailwind | Sanity v3 CMS

A responsive and dynamic blog site made using Next.js and Tailwind CSS with a content management system using sanity CMS.
